RECON

Reconnaissance is the military term for exploring beyond the area occupied by friendly forces. While the creeks may call out to us, the forces of the river don't always welcome our exploration. Performing at the highest levels of creeking and class IV-V+ boating, the Recon handles creeks and rivers efficiently, confidently and safely, with boofability worthy of a new term. Helping boaters make limit pushing a way of life since 2012 - the

design and performance, dial-in and experience explosive pop, easy releases and

smooth, crisp control on any wave. Sizing options and volume displacement are fine-

tuned for the most comfortable performance imaginable. Start living the lifestyle in the

next generation of Wave Sport's long line of championship-worthy freestyle kayaks.

They've called it the 4x4 of kayaks. Runs rapids like a fast creekboat with a hull that will also spin on green waves. It is indeed, all that and more. Peaked deck for resurfacing - check. A honed combination of planing hull and continuous rocker for ultimate agility - check. Outfitting that will let Sasquatch fit in a kayak – big, hairy – check. Meet the SUV of river running.

Smooth and stable, quick and nimble, responsive and predictable. With outfitting tweaked for intermediate paddlers, the D-Series is the perfect introduction to the

COMPROMISED PERFORMANCE - crossover package. ance BRING ALL YOUR GEAR, AIXD

ETHOS

Introducing the river trekking category to Wave Sport, the Ethos is a stable, forgiving, performance-minded crossover platform. With more whitewater performance attributes than other designs in this category, the Ethos offers a confidence-building introduction to paddling in up to class III whitewater and offers outstanding comfort on long, multi-

day river treks due to the roomy cockpit and sizable gear-storage space.

CORE WHITEOUT OUTFITTING

The ALL-NEW 2013 Core WhiteOut Outfitting combines our stylish, marine vinyl white pads with the most innovative outfitting technology today. Focused on safety, enhanced performance, unparalleled adjustability and comfort, our new outfitting will set an industry standard of excellence with an all-new bulkhead

system, leg lifters, very convenient adjustment points and more.

FEATURES INCLUDE:

- Reinforced bulkhead foot brace system with reinforced rails and expanding toe cup that prevents feet from pushing past the bulkhead - Ratcheting leg lifter provides 3" in elevation for added storage space and adjustability that allows more efficient energy transfer from the paddler to

- the kayak - All adjustment parts are tethered to prevent loss
- Comfortable cockpit padding
- Quick-release, adjustable hip pads - Re-engineered back band provides greater functionality and easier access
- to storage space behind the seat Metric hardware for global compatibility
- Multiple attachment points and security tethers for securing gear Foot and seat booster padding included for customisation

ADDITIONAL CREEK FEATURES

- Intuitive controls allow 3" of fore and aft seat adjustment - Rotomoulded tank style creek seat is stiff and durable - Step-out wall includes easy-grip handle for easy carrying and efficiency in the step-out motion

- Storage tray adds storage capacity and hull structure

noulding process and/or exposure to extreme hot or cold temperatures. Slight variations are not covered by warranty. Specifications and features are subject to change.

ADDITIONAL PLAY FEATURES - Intuitive controls allow 4" of fore and aft seat adjustment - Quick-reference indexing system allows on-the-fly adjustment - Hull beam is welded to the kayak hull for durability and structural support
